

Education and Qualifications: I have a Masters in Health Law, JD and MBA. As a former San Francisco Public Defender I represented our youth and adults for over twelve years. Currently, I represent our youth and domestic violence survivors. I am a former Sebastopol Library Commissioner and serve as a board member of LANTERN, a nonprofit dedicated to increasing the square footage of our library and as a result, attend Sebastopol's monthly Community Based Organizations Council meetings.

I also am on the Sonoma County Legal Services Board and NAMI Boards and serve on the county's Nurse Family Partnership Advisory Board. I am a former Sebastopol Arts Center and Chamber of Commerce Board member. I am also an Army Veteran.

I hope to be able to use my legal, business and nonprofit experience to address some of our ongoing challenges by building more intergenerational connections and diversity in our city. I look forward to meeting more of you and hope I can count on your support.
